

ANNA'S HOUSE

CATHOLIC CHARITIES IN ACTION

SUMMARY

With the goal of reducing the number of people in Harford County that return to homelessness, Anna's House serves families and chronically homeless adults through a continuum of services. The purpose of the program is to support some of the most vulnerable people in achieving permanent housing, increasing life skills geared toward self-sufficiency, and reducing barriers that may have contributed to periods of homelessness.

In FY24, Anna's House provided services to 103 of some of the most vulnerable individuals in Harford County, 50 of them being children. The program provided intensive case management services, individualized goal setting, and targeted life skills education that resulted in increased income, benefit procurement, financial literacy, and employment acquisition. We were able to rapidly rehouse 33 individuals and provide housing stability for 10 chronically homeless individuals with disabilities and 8 families with disabilities.
