

ST VINCENT'S VILLA

CATHOLIC CHARITIES IN ACTION

SUMMARY

St. Vincent's Villa provides comprehensive behavioral health treatment within a therapeutic, residential setting for children ages 12 years and younger who have not adequately responded to community-based interventions.

In FY24, St. Vincent's Villa effectively continued its mission of providing comprehensive behavioral health treatment within a therapeutic, residential setting for children ages 12 and younger who have not adequately responded to community-based interventions. We became a CARE Certified Agency through Cornell University, and we increased safety measures within the program to better serve children with greater complex needs and safety risks. By the numbers, 84% of children at St. Vincent's were discharged to less restrictive environments, and 81% of children at St. Vincent's were discharged to family settings.

KEY OUTCOMES

Number of youth served

125

Percentage of children served who were discharged to family settings

81%

Score received from Maryland's Consumer Quality Team

4.8 / 5

Rating received in Family Satisfaction Survey

4 / 5
